Software developer C++ / Java - safety-critical systems (f/m/d)*

Permanent

Full-time

Warum zu uns

Empower People. Create Success. At Tagueri, our people and teamwork take center stage. We are passionate about what we do, contribute proactively, and give our very best - both professionally and personally - every single day. Together, we celebrate our achievements, big and small, genuinely support one another, and take pride in each other's success. Advance your career with us and explore a wide range of opportunities to develop individually, share and expand your knowledge and ideas, and take ownership of your own projects.

Was wir gemeinsam vorhaben

- **Develop safety-critical systems:** Design and implement robust software solutions for demanding applications in the defense sector – from concept to delivery.
- **Work with modern technologies:** Apply your expertise in Java (Jakarta EE, Eclipse RCP, JavaFX, OSGi, JFoenix, EMF) and/or C++ (C++14/17) in a targeted way. Develop powerful applications for Windows and Linux (AlmaLinux/RHEL), including for specialized hardware and embedded systems.
- **Master interface diversity:** Develop and integrate various interfaces – for example, for cryptography, mapping, or specialized hardware components.
- **Agile development and teamwork:** Work within agile processes and collaborate closely with colleagues, project teams, and customers.
- **Focus on quality:** Develop high-quality software and ensure its reliability through extensive automated testing and emulators in a CI/CD pipeline.

- **Diverse projects:** Take on responsibilities in architecture, system integration, test automation, and specialized areas such as GPU-based signal processing.
- **Stakeholder Management:** Communicate both internally and externally, and collaborate closely with project teams, stakeholders and customers.

Worauf Du Dich freuen kannst

Our Unique Corporate Culture:

- A warm and appreciative work environment where every personality matters
- Open communication and accessibility— from junior team members to senior executives
- Numerous team and company events, including our annual summer festival with our families

Our Benefits for Well-being and Growth:
- Smart working options, such as remote work, flexible working hours, sabbaticals, and workations

Our Shared Journey:
- Comprehensive onboarding with an extensive mentoring program
- A wide range of internal training opportunities and external development support
- An international exchange program to foster personal and professional growth within the corporate group

And much more.

Was Du wissen solltest

We're looking for personalities!That's why we don't evaluate your application solely in relation to a specific position, but rather as an application to join Tagueri as a company. In a personal conversation, we'll work together to find out whether your goals and our vision align.Don't see yourself reflected in the listed topics or locations? Feel free to send us an unsolicited application. We offer similar opportunities at other locations as well!We'll tell you everything else in a personal conversation. Please send your documents either by email to bewerbung@tagueri.com or use the "Apply Now" button (maximum file size: 35 MB).

Womit Du überzeugst

- You hold a degree in computer science, business informatics, mathematics, natural sciences, or a comparable qualification (e.g., IT specialist) or have proven practical experience.
- You have at least 5 years of experience in development with Java and/or C++ – ideally in the field of critical, safety-relevant, or embedded systems.
- You have solid knowledge of at least one of the following technologies: Java (Jakarta EE, Eclipse RCP, OSGi, JavaFX, JFoenix, EMF), C++ (C++14 and newer, development under Linux, ideally with experience in embedded systems).
- You are familiar with agile and DevOps development methods and ideally have experience working with sprints and shifting priorities.
- You are highly proficient in CI/CD and Jenkins.
- You have excellent English skills, both written and spoken.
- Ideally, you also have knowledge of German.
- You are willing to undergo a security screening.
- Note: Please submit your CV in English or German.

Wer wir sind

Wir bei Tagueri sind Brückenbauer zwischen strategischer Unternehmensberatung und operativer Umsetzung. Mit rund 600 Mitarbeitenden sind wir deutschlandweit im Einsatz. Zu uns gehört auch der Energiespezialist con|energy consult gmbh. Mit unseren praxisbezogenen Beratungsmethoden und fundierter Technologieexpertise unterstützen wir namhafte Unternehmen aus den Branchen Automotive, Energie, Luft- und Raumfahrt, Bahn und Verteidigung. Die Herausforderungen unserer Kunden sehen wir als Chance, gemeinsam innovative und zukunftsfähige Lösungen im Technologie-, Projekt- und Prozessmanagement zu schaffen.

*Wir bekennen uns zu den Grundsätzen der Gleichbehandlung und Nichtdiskriminierung. Die Vielfalt unserer Mitarbeiterinnen und Mitarbeiter in Bezug auf Geschlecht, Hautfarbe, Alter, Herkunft, persönliche Interessen, Religion, sexuelle Orientierung und Geschlechtsidentität betrachten wir als Bereicherung. Diskriminierendes Verhalten wird von uns nicht toleriert. Dieses Bekenntnis zu Vielfalt und Inklusion haben wir durch die Unterzeichnung der Charta der Vielfalt bekräftigt.
