

Senior Software Solutions Engineer (f/m/d)*

Festanstellung

Vollzeit

Warum zu uns

Empower People. Create Success. At Tagueri, our people and teamwork take center stage. We are passionate about what we do, contribute proactively, and give our very best - both professionally and personally - every single day. Together, we celebrate our achievements, big and small, genuinely support one another, and take pride in each other's success. Advance your career with us and explore a wide range of opportunities to develop individually, share and expand your knowledge and ideas, and take ownership of your own projects.

Was wir gemeinsam vorhaben

- **Collaborate in Scrum Teams:** Work within a Large Scale Scrum (LeSS) framework, collaborating with multiple teams to integrate and demonstrate software in a unified product.
- **Design and Develop Software Solutions:** Create and implement software solutions and components using relevant tools and methodologies.
- **Investigate and Resolve Issues:** Actively participate in issue investigation to ensure the delivery of high-quality products and services.
- **Enhance Best Practices:** Follow and improve best practices, with a strong focus on enhancing user experience.
- **Leverage High-Tech Techniques:** Apply advanced methods and techniques to improve radar systems through software solutions.
- **Integrate and Test Software Subproducts:** As an integrator, focus on integrating and testing software subproducts within your assigned scrum team.
- **Stakeholder Management:** Communicate (both internally and externally) and work closely with project teams, stakeholders, and clients.

Worauf Du Dich freuen kannst

Our Unique Corporate Culture:

- A warm and appreciative work environment where every personality matters
- Open communication and accessibility— from junior team members to senior executives
- Numerous team and company events, including our annual summer festival with our families

Our Benefits for Well-being and Growth:

- Smart working options, such as remote work, flexible working hours, sabbaticals, and workations
- Additional perks, including corporate benefits, and an attractive company pension plan
- Health care benefits, such as discounted memberships for Urban Sports Club

Our Shared Journey:

- Comprehensive onboarding with an extensive mentoring program
- A wide range of internal training opportunities and external development support
- An international exchange program to foster personal and professional growth within the corporate group

And much more.

Was Du wissen solltest

We Are Looking for Unique Personalities!At Tagueri, we don't just evaluate applications for a specific position - we see every application as an opportunity to connect with talented individuals. In a personal conversation, we'll explore together whether your goals and our vision are a great match. Don't see a suitable role or location? No problem! Feel free to send us an unsolicited application - we have similar opportunities at other locations as well. We'd love to share more details with you in person. Send us your application via email at bewerbung@tagueri.com or use the "Apply Now" button (maximum file size: 35 MB).

Womit Du überzeugst

- You have a degree in a technical field (engineering, technical informatics, electrical engineering, or similar).

- You have more than 10 years of experience in software development or software integration, ideally in real-time environments.
- Your strong knowledge of C, C++, as well as experience working with Linux sets you apart.
- You have experience with Jenkins, Nexus, Maven, and Continuous Integration (CI).
- You understand the complexity of software solutions in real-time systems and know how to successfully integrate and optimize them.
- You have excellent English skills, both written and spoken.
- Ideally, you also have knowledge of German.
- You are willing to travel regularly, including internationally.
- Note: Please submit your resume in English or German.

Wer wir sind

Wir bei Tagueri sind Brückenbauer zwischen strategischer Unternehmensberatung und operativer Umsetzung. Mit rund 750 Mitarbeitenden sind wir deutschlandweit im Einsatz. Zu uns gehört auch der Energiespezialist con|energy consult gmbh. Mit unseren praxisbezogenen Beratungsmethoden und fundierter Technologieexpertise unterstützen wir namhafte Unternehmen aus den Branchen Automotive, Energie, Luft- und Raumfahrt, Bahn und Verteidigung. Die Herausforderungen unserer Kunden sehen wir als Chance, gemeinsam innovative und zukunftsfähige Lösungen im Technologie-, Projekt- und Prozessmanagement zu schaffen.

*Wir bekennen uns zu den Grundsätzen der Gleichbehandlung und Nichtdiskriminierung. Die Vielfalt unserer Mitarbeiterinnen und Mitarbeiter in Bezug auf Geschlecht, Hautfarbe, Alter, Herkunft, persönliche Interessen, Religion, sexuelle Orientierung und Geschlechtsidentität betrachten wir als Bereicherung. Diskriminierendes Verhalten wird von uns nicht toleriert. Dieses Bekenntnis zu Vielfalt und Inklusion haben wir durch die Unterzeichnung der Charta der Vielfalt bekräftigt.
