And much more.

Was Du wissen solltest

We're looking for personalities! That's why we don't evaluate your application solely in relation to a specific position, but rather as an application to join Tagueri as a company. In a personal conversation, we'll work together to find out whether your goals and our vision align. Don't see yourself reflected in the listed topics or locations? Feel free to send us an unsolicited application. We offer similar opportunities at other locations as well! We'll tell you everything else in a personal conversation. Please send your documents either by email to bewerbung@tagueri.com or use the "Apply Now" button (maximum file size: 35 MB).

Womit Du überzeugst

- You hold a degree in a technical field (e.g., engineering, computer science, industrial engineering, or a comparable discipline).
- You have professional experience in agile project work.
- You possess strong knowledge of software development, preferably with a focus on C++.
- Familiarity with embedded systems, especially Linux-based systems, is a plus.
- You have experience in integrating and testing hardware components.
- Programming knowledge in Python and Assembler is an advantage.
- You demonstrate strong commitment, team spirit, and perseverance.
- You work goal-oriented with a focus on successful project completion.
- You have excellent English skills, both written and spoken.
- Ideally, you also have knowledge of German.
- Note: Please submit your CV in English or German.
