Warum zu uns

Empower People. Create Success. At Tagueri, our people and teamwork take center stage. We are passionate about what we do, contribute proactively, and give our very best - both professionally and personally - every single day. Together, we celebrate our achievements, big and small, genuinely support one another, and take pride in each other's success. Advance your career with us and explore a wide range of opportunities to develop individually, share and expand your knowledge and ideas, and take ownership of your own projects.

Was wir gemeinsam vorhaben

- **Stakeholder Communication:** Act as a key liaison between technical teams and business stakeholders
- **Cross-functional Collaboration:** Facilitate clear and open communication across all levels of the organization
- **Requirement Management:** Translate customer and stakeholder needs into actionable product requirements
- **Agile Product Development:** Drive product development using agile methodologies (Scrum/Kanban)
- **Strategic Alignment:** Ensure alignment between business goals and technical execution
- **Team Leadership:** Inspire and support your team through coaching and collaboration
- **Stakeholder Management:** Communicate both internally and externally, and collaborate closely with project teams, stakeholders and customers.
