

Systems Engineer (f/m/d)*

Festanstellung

Vollzeit

Warum zu uns

Empower People. Create Success. At Tagueri, our people and teamwork take center stage. We are passionate about what we do, contribute proactively, and give our very best - both professionally and personally - every single day. Together, we celebrate our achievements, big and small, genuinely support one another, and take pride in each other's success. Advance your career with us and explore a wide range of opportunities to develop individually, share and expand your knowledge and ideas, and take ownership of your own projects.

Was wir gemeinsam vorhaben

- **Work closely with engineering teams:** Collect, organize, and consolidate technical information for product and system development.
- **Keep processes on track:** Ensure that the team complies with customer processes and continuously improves them.
- **Develop and maintain databases:** Build searchable systems that capture experiences, best practices, and engineering methods.
- **Structure documentation:** Make sure technical documentation is logically stored and easily reusable.
- **Review and update:** Keep the knowledge management system accurate and relevant.
- **Develop tools:** Assist in creating resources to improve the efficiency of engineering processes.
- **Promote knowledge sharing:** Organize workshops and training sessions to encourage knowledge exchange within the team.
- **Support projects:** Provide information and resources to enable quick decision-making.
- **Work cross-functionally:** Ensure consistent documentation and information exchange between teams.

- **Stakeholder Management:** Communicate both internally and externally, and collaborate closely with project teams, stakeholders and customers.

Worauf Du Dich freuen kannst

Our Unique Corporate Culture:

- A warm and appreciative work environment where every personality matters
- Open communication and accessibility— from junior team members to senior executives
- Numerous team and company events, including our annual summer festival with our families

Our Benefits for Well-being and Growth:

- Smart working options, such as remote work, flexible working hours, sabbaticals, and workations

Our Shared Journey:

- Comprehensive onboarding with an extensive mentoring program
- A wide range of internal training opportunities and external development support
- An international exchange program to foster personal and professional growth within the corporate group

And much more.

Was Du wissen solltest

We Are Looking for Unique Personalities! At Tagueri, we don't just evaluate applications for a specific position - we see every application as an opportunity to connect with talented individuals. In a personal conversation, we'll explore together whether your goals and our vision are a great match. Don't see a suitable role or location? No problem! Feel free to send us an unsolicited application - we have similar opportunities at other locations as well. We'd love to share more details with you in person. Send us your application via email at bewerbung@tagueri.com or use the "Apply Now" button (maximum file size: 35 MB).

Womit Du überzeugst

- You have a degree in engineering or a related field (preferably a master's).
- You have proven experience in systems engineering or similar technical roles with a focus on knowledge management.
- You are familiar with database and documentation tools.

- You have strong communication skills and can collaborate effectively with different teams.
- You have knowledge of engineering design processes and standards.
- You enjoy working in a team and see mutual support and collaboration as a given.
- You take a proactive approach, driving ideas and solutions forward independently.
- You work autonomously and are confident in taking ownership of your tasks and results.
- You have excellent Dutch and English skills, both written and spoken.
- Ideally, you also have knowledge of German.
- Note: Please submit your CV in English or German.

Wer wir sind

Wir bei Tagueri sind Brückenbauer zwischen strategischer Unternehmensberatung und operativer Umsetzung. Mit rund 600 Mitarbeitenden sind wir deutschlandweit im Einsatz. Zu uns gehört auch der Energiespezialist con|energy consult gmbh. Mit unseren praxisbezogenen Beratungsmethoden und fundierter Technologieexpertise unterstützen wir namhafte Unternehmen aus den Branchen Automotive, Energie, Luft- und Raumfahrt, Bahn und Verteidigung. Die Herausforderungen unserer Kunden sehen wir als Chance, gemeinsam innovative und zukunftsfähige Lösungen im Technologie-, Projekt- und Prozessmanagement zu schaffen.

*Wir bekennen uns zu den Grundsätzen der Gleichbehandlung und Nichtdiskriminierung. Die Vielfalt unserer Mitarbeiterinnen und Mitarbeiter in Bezug auf Geschlecht, Hautfarbe, Alter, Herkunft, persönliche Interessen, Religion, sexuelle Orientierung und Geschlechtsidentität betrachten wir als Bereicherung. Diskriminierendes Verhalten wird von uns nicht toleriert. Dieses Bekenntnis zu Vielfalt und Inklusion haben wir durch die Unterzeichnung der Charta der Vielfalt bekräftigt.
